CHAUTAUQUA WAS CLOSED YESTERDAY

MISS NELSON, RED CROSS WAR NURSE, MADE WONDERFUL TALK

EMMANUEL MAKES TALK

Superintendent Schultz Made Some Complimentary Remarks About Maryville as Chautauqua Town

Superintendent Schultz of the Redpath-Vawter bureau made a few remarks complimentary to the people of Maryville just before he introduced the closing speaker of the Chautauqua course last night. In part he said: "The people of Maryville are the most appreciative Chautauqua goers of any people I have come in contact with during this season.

"When I came here things looked black for the guarantors of the course this year and hopeless for next year. But the interested people of this community got busy and put the Chautauqua over in great style. Then preparations were made for next year and things went even better. Before the evening program 115 men had signed the guarantee for next year and more were to sign, which would make the largest number of signers of any on the circuit this year. Unquestionably Maryville is a good Chautauqua town."

Ralph Bingham closed the Chautauqua in a most appropriate manner. Everyone left the tent for the last time with a smile playing upon their faces and feeling like the world was not such a bad place to live in after all. "Bing" is a laugh-producer without an equal on the platform.

If it had not been Sunday night and Bingham had had the entire evening to himself there would have been so much laughter provoked that people could not have stood it. And his stories and fun are of the cleanest and most wholesome character.

Raphael Emmanuel, a native of Mesopotamia, gave a novel lecture preceding Bingham's entertainment. He talked in a simple manner, describing the life of his people, their religion and their philosophy of life. It was an exceedingly different and out of the ordinary address.

Miss Mary K. Nelson, veteran Red-Cross nurse, held the closent attention of her hearers at the afternoon session. With four years of service in France, working there before America entered the war in a French hospital, she was able to tell of many things from observation that the people want to know more about.

Miss Nelson described the spirit of the French and English soldiers in the early days of the war. She told how she and the other American nurses were forced to hang their heads a little as the war for humanity progressed and the United States kept neutral.

When the people of American finally did get into the struggle then the nurses once more held their heads high and waited to show the people of Europe what our boys could do.

Miss Nelson told of the first American wounded brought back to the hospital where she was assigned. This American, a sergeant, was the embodiment of everything that goes to make up our conception of the ideal soldier. He soon became the most popular of the patients there and went back to the lines in time to go over the top once again before he "went west."

In concluding her address Miss Nelson made a plea for every woman to get behind the peace program of the Red Cross. This program aims at the solving of the community health problem. A big campaign is to be waged against two of the worst menaces of the public health today, tuberculosis and venereal diseases.

Major R. C. Bridgman made a highly interesting talk Saturday afternoon on "The Romance of Flying." He described the life of the aviators in the great battles of the world war. He told his story in an unaffected and simple manner without the least boasting or belittling of the soldiers on either side. In fact, he said that most praise is due the doughboy who fought and, what is worse, lived in the mud and water. An aviator fought amid the glory of the heavens and, if he met death, met it quickly and alone, he said.

Major Bridgman was a member of the LaFayette Escadrille of the French army before he was taken over by the American army. He saw service on the fronts of the three allied armies. Twenty-one months of actual flying service on the fronts, with eight planes to his credit and 600 hours of actual flying on the battle front is part of his wonderful record.

Throughout his talk the Major spoke of the great beauties seen while flying in the air. He mentioned the fact that one gets a new viewpoint on life by living in the air. One begins to wonder about the possibilities of communicating with other worlds and like things. It was an enjoyable talk that made one see, in part, some of the thrills that attend the life of the army aviator.

The Banda Roma, headed by Luigi Quaglia, rendered some real band music during the afternoon prelude and the evening concert. Music that everyone could appreciate and enjoy was played and a large crowd was there to hear it.

MISHAP PREVENTS THE AIRPLANE FLIGHT SATURDAY

Accident to Plane at Red Oak, Iowa, Given as Cause for Non-appearance Here.

The airplane flight which was to have been made Saturday afternoon by Lieut. Miller did not take place because it was impossible to get a plane here. The one stationed in this part of the circuit was ocmpletely demolished at Red Oak when it crashed ineo some telephone and telegraph wires.

Ralph Bingham in his introductory remarks made mention of the fact that he had heard some one at the hotel state that there never was an airplane coming here in the first place and that it was merely an advertisement to get the people's money.

Mr. Bingham said that he had been with this Chautauqua circuit quite a while and kenw that Keith Vawter always tried to make good his word to the patrons of the Chautauqua. Mr. Bingham added, with the exception of Lenox, Iowa, and Maryville, the airplane had appeared at every town on the circuit as advertised.

Mrs. Dwight Gribble and daughter, Mary Margaret, who have been visiting the former's parents, Mr. and Mrs. J. J. Heifner, left last night for their home in Columbia.

ANDREW CARNEGIE DIED THIS MORNING

AT HOME AT LENNOX, MASS., OF BRONCHIAL PNEUMONIA

BEGAN LIFE A POOR BOY

Successful Business Ventures Lead to Enormous Fortune — Devoted His Money to Charity and Education

Lenox, Mass., Aug. 11. — Andrew Carnegie, one of the world's most prominent financiers, steel magnate and philanthropist, died at 7:10 this morning at his summer home at Shady Brook near here, of bronchial pneumonia. He has been ill but three days and the end was entirely unexpected. Had Carnegie lived until November 25 he would have been eighty-four.

At the bedside at the time of his death were his wife, private secretary, John Boynton, family physician and members of the home staff. Mrs. Roswell Miller, his daughter, was not present.

Carnegie has been enjoying the summer in the Berkshire hills, hunting and fishing. Three days ago he was stricken with a cold which rapidly developed into pneumonia. His condition did not become serious until last night.

Andrew Carnegie was born in Dunfermline, Fifeshire, Scotland, November 25, 1835, whence his father, a hand loom weaver, emigrated to the United States in 1848. The family settled in Pittsburgh, where Andrew obtained employment first in a cotton factory; afterwards he became a telegrapher. A fortunate acquaintance with Woodruff, the sleeping car patentee, laid the foundation for his success.

Then came lucky ventures in oil, and the starting of a rolling mill from which has grown the largest system of iron and steel industries in the world. He retired from business in 1901, retaining an interest valued at several hundred millions of dollars in the United States Steel corporation. He gave large sums to the establishment of libraries in the United States and abroad.

In addition he donated $10,000,000 to the Carnegie Institute at Pittsburgh, equal sums to the Carnegie Institutes at Washington, to the universities of Scotland, to establish a pension fund for teachers of the higher educational institutions, and to aid in the establishment of international peace. He also gave a smaller sum for a hero fund.

In 1911 he established the Carnegie Corporation, an institution for the purpose of maintaining funds for aiding technical schools, institutions of higher learning, libraries, scientific research, hero funds and useful publications. In 1912 Mr. Carnegie announced that he had given all of his fortune, with the exception of $25,000,000, to promote the purposes of this corporation.

BALLOON ARRIVES THIS AFTERNOON

CREW OF 50 MEN UNDER CAPT. M'KINLEY COMPRISE COMPANY

ON A RECRUITING TOUR

Company May Remain in Maryville Several Days—Ascension to be Left to Orders From Fort Omaha

The Twelfth Balloon Motor Transport Corps, in command of Captain A. C. McKinley, arrived in Maryville at 4 o'clock this afternoon and immediately after entering the city began preparations for the demonstration and exhibit of observation balloon work as it is carried out on the battle fronts. Whether an ascension will be made is up to the commanders at Omaha.

The company is composed of fifty overseas men who have seen active service in this work on the western front. Following the demonstration Captain McKinley was to make a talk on the purpose and importance of the balloon in warfare and begin a recruiting campaign in this city.

The balloon is a giant hydrogen-filled bag which carries a basket for two observers and parachutes by which they made descend in case the bag is destroyed by enemy airmen. A heavy rope attached to a windlass on one of the trucks permits the balloon to be raised and lowered at will. In addition to the regular crew of the Transport Corps, two additional overseas men arrived in Maryville last night to join the company in the recruiting work. They will remain with the company on the remaineder of their trip through Missouri.

The balloon company left Clarinda, Iowa, at 11 o'clock this morning and made the trip overland in the trucks to this city. The average speed made by the train is ten miles an hour.

Captain McKinley stated this afternoon that the length of time which the company would remain in Maryville would rest with the headquarters at Fort Omaha. He said that the men would camp here during their stay in the small pup tents which they carry.

Chautauqua Unites a Maryville Mother with Son's War Benefactor

Another of the innumerable instances of romance and human interest which have grown out of the great world war, took place here yesterday when a Maryville mother personally met the Red Cross nurse who cared for her son when he was wounded on the fields of France. The Red Cross nurse is Miss Mary K. Nelson, who spoke to an interested audience at the chautauqua yesterday afternoon, the mother is Mrs. Carrie Rogers, of this city, and the son is Leander A. Richardson, a former Maryville boy now located at Gilette, Wyoming.

It was in the great battle of the Argonne that Richardson was wounded. A machine gun bullet pierced his leg and after lying out in No Man's Land for many hours he was finally picked up by a Red Cross stretcher bearer and brought to Evacuation Hospital No. 109 where his wounds were given surgical attention.

Miss Nelson was in charge of the hospital and personally administered the ether which Richardson was given before he was placed on the operating table. In the days that followed Richardson became a fast friend of the Red Cross nurses through his willingness to aid in their work. "Out of the thousands who came through the hospital," said Miss Nelson, "there were some of the lads whom I remember because of their spirit—Private Richardson was one of these."

In his letters home the wounded man often told of the Red Cross nurses and especially of Miss Nelson, who had befriended him in his hour of trial and suffering, and it was one of his greatest disappointments that he was unable to say good-bye to her when he was moved to another hospital.

The interest which the little American nurse had taken in the son, however, remained in the memory of the mother on this side, and she hoped and prayed that some day she might be able to personally thank her. Yesterday the opportunity came. The name and description which she had received in her letters from her soldier son corresponded with the Red Cross nurse who was to talk at the chautauqua. Mrs. Rogers determined to meet the nurse and after the lecture yesterday afternoon went to the tent with a picture of her son. Miss Nelson instantly recognized the lad as the boy who came to her last September badly wounded. The meeting with this mother is one which needs no description.

According to Miss Nelson, Richardson was the type of soldier who receives the deepest respect of the Red Cross doctors and nurses. Courageous in his suffering and always willing to lighten the burdens of his benefactors, he had the true soldier patience in bearing pain.

Miss Nelson told this morning of an instance which impressed Richardson on her memory: "A soldier came to our hospital one morning terribly dirty and hungry, wearing the uniform of an American soldier without any of the insignia to denote his company or division," she said. "It was obvious that the man was a German spy who had killed an American soldier, and Private Richardson, badly wounded as he was, volunteered with several other lads to stand guard over him throughout the night. The following morning he was taken to an American military base where he was found to be a spy."

"In other ways men such as Richardson were a god-send to our camps. With their cheerful spirit they kept up the hope and morale of the hospital."

Miss Nelson stated this morning that on her chautauqua tour she has come across several soldiers whom she took care of in France. "It is a wonderful feeling," she said, "to meet these boys in their own homes and meet their own home folks. The great war has certainly brought the entire world together as one family."

In connetcion with her lectures on the chautauqua platform, Miss Nelson is also working in the interest of the good health campaign which is being staged throughout the country. "Our work is at home, now," she said, in speaking of the drive which is being made for better health conditions in the communities outside of the large cities, "and it is equally as important as the work which was done 'over there'."

ALL IN READINESS FOR TUESDAY RACES

FIRST BIG OPENING DAY PROMISES TO BE GOOD ONE

Stop and Think

For one moment why you stay in the East, and pay big interest or high rent when you can go west and soon own a farm of your own.

The West offers greater opportunities to any man than the East and especially to the poor man or man of reasonable means. I started in this land business last fall and have made a success of it by doing an honest business and by selling on reasonable commissions. My business has grown until I have had to have a partner, so Mr. Newt Morgan of Parnell, Mo., is going in with me. I have sold three thousand six hundred acres of land; have just closed a deal on one thousand and fifty acres at forty-five thousand dollars.

This has been the dryest year ever known to the oldest settlers and yet it is wonderful to see what crops we have raised. Most of the corn will make 20 to 30 bushels to the acre. We have had plenty of rain since the third of July and all late crops will be good. I am located at Carpenter, Wyo., in the southeastern corner of the State and have lots of land listed with me for sale now. I have farms of all sizes from one hundred acre farms to five thousand acre ranches and I know I can save any man money that wants to buy a farm or ranch. So don't fail to see me before buying. I have sold eleven thousand six hundred dollars worth of hogs since last October. I fattened them from the corn that I raised last year on one hundred and thirty-five acres. My last car load of sixty-two head brought four thousand and two dollars. I now have nine hundred and sixty acres of land. When I left Maryville, Mo., three years ago last October I was not worth five hundred dollars, today I am worth at least twelve thousand dollars. Now judge for yourself whether this is a good country to make money in or not. Then come and have a talk with me at the Nodaway County Fair and see samples of what we have raised this year, then make up your mind to come back with me and buy a farm or ranch and you will make the best move that you ever made in your life. For further information see me at the Fair August 11 to 16.

Raines Dinner Guests.

Mr. and Mrs. H. L. Raines were the host and hostess at a dinner party yesterday noon at their home on South Vine street. Plates were laid for Mr. and Mrs. J. E. Stewart, Mrs. J. H. Martin, Miss Marie Reuillard, Howard Martin, Kenneth Strawn, the host and hostess and their daughters, Mabel, Evelyn and Laura Margaret Raines.

Dinner Guests at Robidoux.

Four couples motored to St. Joseph last evening where they were dinner guests at the Robidoux hotel. The party included Dr. and Mrs. Wm. Wallis, Jr., Dr. and Mrs. Chas. T. Bell, Dr. and Mrs. D. J. Thomas, Dr. Frank Wallis and Miss Margaret Beattie of Newport, Ark., who is the guest of her brother and wife, Mr. and Mrs. M. L. Beattie.

Social Hour Club.

Mrs. Ernest Stafford was hostess Tuesday afternoon to the Social Hour club. Refreshments were served by the hostess, assisted by Miss Crystal Everhart. Those present were Mrs. Murt Morris, Mrs. Will Spangler, Mrs. James Hanna, Mrs. Leslie Hanna, Mrs. Ed Houston and her guest, Miss Houston of Omaha; Mrs. Jos. Everhart, Mrs. Chas. Fakes, Mrs. Theo Gray, Mrs. Rich Spurgeon, Mrs. Zone Loch and her daughter, Mrs. Bert Hill of Claremore, Okla., Miss Crystal Everhart and the hostess.

Home From Wedding Trip.

Mr. and Mrs. Verne Manley returned Sunday evening from a short wedding trip to Kansas City and other places. They were married last Wednesday afternoon at 2:30 o'clock at the home of the bride's mother, Mrs. Mary Ward, in King City. It was a quiet wedding, with only relatives and close friends present. Mrs. Manley, formerly Miss Iva Ward, is a graduate of the State Teachers College here and of the Liberty Ladies College. For the past year she has been secretary to President Richardson of the local State Teachers College and prior to that was a successful teacher in the high school work of this state. Mr. Manley is a grandson of Mrs. J. M. Manley of this city and is a graduate of the Maryville Business College. He has lived in this community the greater part of his life and is one of the successful farmers of the county.

The couple will make their home on the farm recently purchased by Mr. Manley, eight miles south of Maryville.

Neff Family Reunion.

Mr. and Mrs. T. M. C. Neff will enjoy a visit from three of their children, living at a distance, who are expected to arrive tonight and tomorrow. George Neff, a son living in Brush, Colo., is making the trip here in his car and wil arrive tonight. The Rev. Homer A. Neff and his bride of St. Marys, Ohio, and Mrs. J. C. Workman and little son, George Delbert, of Pittsburgh, Pa., wil come tomorrow. Mrs. Neff was formerly Miss Irene McCulloch of New Concord, Ohio, and her marriage to Rev. Neff took place Tuesday, June 24. Rev. Neff is pastor of the First Presbyterian church in St. Marys.

Celebrate Birthdays.

Mr. and Mrs. Denver W. Loch entertained the members of the Social Hour Club, their families and a few other guests Friday evening at their home, west of Pickering, in honor of the birthdays of Mr. Loch, his sister, Mrs. Goldie Hill and Mrs. Loch's brother, Leonard Leech, which all occurred during the week. Games on the lawn were enjoyed and refreshments of ice cream and cake were served. The invited guests were Mr. and Mrs. Jos. Everhart, Mr. and Mrs. James Hanna, Mr. and Mrs. Leslie Hanna, Mr. and Mrs. Edgar Houston, Mr. and Mrs. Rich Spurgeon, Mr. and Mrs. C. A. C. Leech and Maurice and Loren Loch, sons of the host and hostess.

Entertain With Movie Party.

Miss Dorothy Penisten and Miss Alma Machin, students at the State Teachers College, will entertain with a movie party tonight at the Empire theater. Refreshments will be served at the New York Candy Kitchen after the show. Their guests will be Misses Elizabeth Leet, Helen Dean, Mary and Margaret Foster of Des Moines, Ia., Loretta Gex, Mildred Shinabargar and Laura Curfman. Miss Penisten and Miss Machin will leave Friday for their respective homes in St. Louis and Fulton.

MANY CONVENIENCES FOR TOURISTS IN THE WEST

The following is from the Evening Missourian, Columbia, about the auto trip of Mr. and Mrs. Wayland Ford. Mrs. L. W. Ford and Miss Frances Ford of Columbia, who were Maryville visitors several days ago.

With a tent tied on one side of the running board, a cooking outfit on the other, Mr. and Mrs. Wayland Ford, Mrs. L. W. Ford and Miss Frances Ford of Columbia left June 11 for a tour through Colorado. They returned Wednesday.

"We followed the Golden Belt trail all the way," said Miss Ford, "and I would advise anyone going to Colorado to take this route.

Beautiful Scenery.

"The scenery is beautiful, and every convenience for tourists is provided along the way.

"Beginning at the eastern edge of Kansas are signs directing tourists. One of the delightful surprises for tourists traveling on this route is the camping conveniences and accommodations provided by automobile and commercial clubs in towns along the route.

Good Resting Places.

"Every town of any size has provided a camping and resting place for travelers. These places are usually located near or in a park where water is plentiful. Crude stoves built of stone with sheet irone tops are provided.

"Much can be said in favor of these camping places. They are to the traveler as an oasis in the desert.

"In Topeka, Kas., we camped at a place where not only was a stove furnished, but wood as wel. Another town in western Kansas provided rest rooms where one could read the latest papers and magazines.

"Denver provides a beautiful camping ground in Mountain View and Lake Park. Every comfort is provided free."

ST. LOUIS PAPER COMMENTS ON COMMERCIAL CLUB SOCIABILITY

Red Cross Officer in Letter to Miss Turner Sends Clipping From St. Louis Paper and Compliments

Miss Betty Turner, assistant director, Civilian Relief, Southwestern Division, American Red Cross out of St. Louis, received a letter today which had appended to it some complimentary words about Nodaway county. The compliment was the result of an article in the St. Louis Globe Democrat regarding the recent two-day sociability run by the Commercial Club. This is only another instance of the widespread fame this town and county are getting as a result of the efforts of the members of the Commercial Club to advertise Nodaway.

SUNDAY SCHOOL TEACHERS EXAMINATIONS TONIGHT

Tests to be Given at Christian Church —Prof. Osborn to be in Charge

The Community Teacher Training Class for Sunday school workers will hold an examination tonight at the Christian church upon the second book of the course, "The Teacher."

It is expected that a number of teachers who have been reading the book or have been studying a similar course will take the examination with those who have been attending. Opportunity will also be given those who were unable to take the examination with the class upon the first book of the course to write upon "The Pupil." this evening.

Prof. Osborn will conduct the examination. This will close Prof. Osborn's work with the class, as he is leaving Maryville at this time. All of the class regret that he will not be with them through the remainder of the course, for his faithfulness and efficiency in conducting the work have had much to do with the success of the class and has given the initial move for a community class in Maryville such a magnificent start that its success is assured from the very first.

The Sunday school teacher who does not hold a diploma, certifying that the teacher has completed an approved course in Teacher Training will be the exception rather than the rule in Maryville.

MRS. BLANCHE LAWLER RETURNS FROM CHICAGO

Employe of Alderman-Yehle Company Completes Course at School of Corsetry

Mrs. Blanche Lawler of the Alderman-Yehle dry goods company, has returned from Chicago where she graduated at the Salon du Bon Ton and School of Corsetry. She passed the examination covering the different phases of corset work and was awarded a diploma which gives her a title of "G. C." Graduate Corsetiere.

The value of skilled service in a corset department cannot be over-estimated. Physicians say many ills are attributed to incorrect corsetry whereas the proper corset will give support and help relieve fatigue, to say nothing of the comfort and poise they give.

The store, in adding this service for their patrons, are keeping pace with the policy of up to date development and offering the best.

FORMER S. T. C MAN ACCEPTS NEW POSITION

Geo. Palfreyman Resigns From St. Joe Schools to Become Asst. Mgr. Armour Plant, Fort Worth, Tex.

George Palfreyman, former assistant professor in manual training and athletic coach at the State Teachers College, has resigned his position in the St. Joseph schools to become assistant superintendent of the Armour plant in Fort Worth, Texas. The following article from Saturday's St. Joseph News-Press will be of interest to Mr. and Mrs. Palfreyman's host of friends here.

George Palfreyman, Jr., today tendered his resignation as athletic coach of Benton High School to Vernon G. Mays, superintendent of schools. Palfreyman formerly was a star basketball player at Benton and he had charge of athletics there last term. During the summer he has been employed by the Hammond Packing Company in South St. Joseph. He is severing his connection with Benton to take the position of assistant superintendent of the Armour plant in Fort Worth, Texas. Palfreyman expects to assume his new duties about Sept. 1. He is married and has a young son, George III.

The school board probably will act on Palfreyman's resignation at its monthly meeting Monday night.

YOUR CATARRH MAY LEAD TO CONSUMPTION

Dangerous to Use Treatment for Only Temporary Relief.

There is a more serious stage of Catarrh than the annoyance caused by the stopped-up air passages, and other distasteful features.

The real danger comes from the tendency of the disease to continue its course downward until the lungs become affected, and then dreaded consumption is on your path. Your own experience has taught you that the disease cannot be cured by sprays, inhalers, atomizers, jellies and other local applications.

S. S. S. has proven a most satisfactory remedy for Catarrh because it goes direct to its source. Get a bottle today, begin the only logical treatment that gives real results. For free medical advice write Medical Director, 47 Swift Laboratory, Atlanta, Ga.

HOW MRS. BOYD AVOIDED AN OPERATION

Canton, Ohio.—"I suffered from a female trouble which caused me much suffering, and two doctors decided that I would have to go through an operation before I could get well.

"My mother, who had been helped by Lydia E. Pinkham's Vegetable Compound, advised me to try it before submitting to an operation. It relieved me from my troubles so I can do my house work without any difficulty. I advise any woman who is afflicted with female troubles to give Lydia E. Pinkham's Vegetable Compound a trial and it will do as much for them."—Mrs. MARIE BOYD, 1421 5th St., N. E., Canton, Ohio.

Sometimes there are serious conditions where a hospital operation is the only alternative, but on the other hand so many women have been cured by this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, after doctors have said that an operation was necessary—every woman who wants to avoid an operation should give it a fair trial before submitting to such a trying ordeal.

If complications exist, write to Lydia E. Pinkham Medicine Co., Lynn, Mass., for advice. The result of many years experience is at your service.

When there is hard work to do in hot weather Prickly Ash Bitters proves its worth as a stomach, liver and bowel purifier. Men use it stand the heat better and are less fatigued at night. Price $1.25 per bottle.

"Satisfy"
What does that mean?
Not in the ordinary sense, of course, but in the Chesterfield sense?
Never mind the DICTIONARY
Even N. Webster, with all his definitions of "satisfy", missed out on its smoke-meaning.
Look it up in Chesterfields
That's where you'll find "satisfy".
Know what a drink of cold water does for your thirst? It "touches the spot". Well, that's what Chesterfields do for your smoke-hunger. They touch your "smoke-spot". They let you know you're smoking.

MISSOURI CROP REPORT SHOWS DECREASE FOR AUG.

All Crops Except Hay Lost in Prospect—Wheat Shrunk 7,881,500 During July—Better Than Last Aug.

Jefferson City, Aug. 11.—All Missouri crops, except hay, lost in prospect, and wheat production shrunk 7,881,500 bushels during July, according to the joint report of E. A. Logan and Jewell Mayes, of the U. S. Bureau of Crop Estimates and the State Board of Agriculture. The state yield of wheat, indicated August 1st, is 56,936,250 bushels.

In Nodaway county the condition of corn is 86 per cent; wheat yield per acre 15 bushels, quality 85 per cent; oats yield per acre 33 bushels, quality 89 per cent; condition of potatoes 68 per cent; apples 60 per cent; hay 91 per cent; clover hay production 95 per cent of full crop, and pasture 85 per cent.

The August condition of corn is 74 per cent, indicating 26.3 bushels per acre, a total of 151,210,000 bushels; condition August, 1918, of 72 per cent and 76 per cent for ten-year average; total yield for 1918, 133,860,000 bushels. Cultivation of corn was neglected somewhat to harvest wheat. Excessive rains early in the season, followed by drouth of three to five weeks has hurt the crop severely. No hot winds prevailed. The greatest damage has been on thin uplands, and in the south central Ozarks, also a few counties north and west of St. Louis. Chinch bugs in Warren, Dade and other scattering points. Recent rains have relieved the drouth situation in the north and northeast, especially Livingston, Boone, Randolph and other central Missouri counties, together with a few south central ones. Fifteen to 20 per cent of the corn was planted late and drouth conditions on this portion are not so damaging. Central Missouri will raise much more corn than last year and for the state at large the crop is more promising than last August.

Missouri wheat yield per acre is 13.5 bushels, totaling 56,936,250 against 52,873,000 bushels last year. The average yield in 1918 was 17.2 bushels and the 10-year average 13.7. The quality of the grain is 86 per cent against 94 per cent last year and 89 for a 10-year average. Yields in most sections are under earlier expectations. The quality at first was very poor from excess moisture, but improved by dry weather. Threshing is held back by lack of cars and thresher equipment. Spring wheat very disappointing.

Oats yield 28 bushels per acre against 29 last year and 26 for the 10-year average. Indicated yield 39,684,960 against 44,196,000 in 1918. The quality is 88 per cent, the same as last year, and 85 per cent for the 10-year average. The crop was cut short in the north by hot weather following excessive rains. About the usual portion of last year's crop is on farms, 3 per cent or 1,325,880 bushels.

Hay, the only crop in Missouri which shows a better condition than last month, is 93 per cent indicating 1.27 tons per acre. The hay in the middle Ozark sections good. Crop was harvested under ideal conditions except clover. A good clover acreage promised if favorable season follows. Spring seedings of clover and other grasses are fine. The acreage of timothy cut for seed will be greater than last year. Clover for hay 1.3 tons per acre, and quality 91 per cent; alfalfa 91 per cent. Millett 79 per cent; grain sorghums 85 per cent; field peas 80 per cent; soy beans 85 per cent. Pastures 84 per cent; still much good grazing.

Vegetables all hurt by drouth. Beans 81 per cent; tomatoes 81 per cent; cabbage 75 per cent; onions 68 per cent; potatoes 80 per cent; early crop fair; sweet potatoes 79 per cent—not badly damaged; tobacco 85 per cent; flax 87 per cent; watermelons 70 per cent—poor in Mississippi, good in Dunklin; cantaloupes 75 per cent; broom corn 80 per cent; sorghum for syrup 81 per cent; peanuts 76 per cent.

Fruit affected by drouth. Apples 58 per cent, peaches 47 per cent; grapes 75 per cent; pears 59 per cent, blackberries, production 92 per cent, some lost for want of pickers.

General crop conditions not as good as on July 1st, but better than last August. Severe drouth followed by too much rain. Labor supply is not yet normal. Plowing for fall wheat progressing slowly with more tractors in evidence. Water is scarce, but cattle are in fine condition.

Presley Bailey Home.

Mrs. Presley Bailey, who underwent an operation for appendicitis several weeks ago, resumed her work at Reuillards this morning. She will give up her position the latter part of the week when she and Mr. Bailey will go to Elmo to make their future home. Mr. Bailey returned home this morning after being in overseas service since Nov. 17, 1918, with Base Hospital 91.

Mr. and Mrs. Will Cummins of Burlington Junction and the letter's sister, Miss May Growney of this city, left today on a motor trip to Lake Okoboji, Ia., where they will spend several days.

IN FIFTEEN DAYS GAINS FIFTEEN POUNDS

Thompson Was So Rundown He Couldn't Walk Without Help—Tanlac Builds Him Up.

"I commenced taking Tanlac just fifteen days ago, and have gained exactly fifteen pounds so far, which gives me an actual gain of one pound a day," said Peter Thompson, who for the past six years has been connected with the Kansas City park board, and lives at 409 Chestnue street, Kansas City, Missouri, a few days ago.

"When I began taking Tanlac," he continued, "I was so weak and run down that I couldn't walk a step unless I had somebody to lean on, but I can get out and cover a good many blocks now, and am getting ready to go back to work. Sometime ago I had a bad spell of typhoid pneumonia, and it came very near finishing me up. I pulled through, however, but I had never been able to regain any strength, and my appetite was so poor that I couldn't eat enough to keep me alive hardly. My head ached all the time, and I would often have dizzy spells. I also suffered from nervousness and never got a good night's sleep. My stomach was in mighty bad condition, too, and everything I ate disagreed with me and I would have the worst sort of attacks of indigestion. I was certainly in bad shape, and I had began to think that I would never find a medicine that would get me started up hill again.

"I had been reading the different statements about Tanlac, and one day I saw where a lady whom I knew very well, had been greatly helped by taking this Tanlac, so I made up my mind right then and there to give it a trial myself. I commenced to get better right away, and it is just simply remarkable the way I have gained in weight and strength. Why, I can go anywhere I want to, now, and I can just feel myself getting stronger every day. My appetite has come back, and I eat three hearty meals every day, and what I eat agrees with me all right. I never have indigestion or any kind of stomach trouble any more, and my nerves are so steady that I sleep like a log every night. The headaches have left me, too, and so have those dizzy spells, and in fact, I just feel fine all the time. Tanlac has just simply fixed me up all right, and that is why I talk so much about it, and am always recommending it to other people."

"Tanlac is sold in Maryville by Koch Pharmacy, in Conception Junction by A. M. Colly, in Pickeing by H. M. Lincoln, in Burlington Junction by Carter Pharmacy, in Barnard by Bear Drug Co., in Elmo by King Drug Co., in Clearmont by Dr. W. H. Wiley, in Ravenwood by C. A. Shunk, in Arkoe by Rufus R. CHAUTAUQUA WAS CLOSED YESTERDAY

MISS NELSON, RED CROSS WAR NURSE, MADE WONDERFUL TALK

EMMANUEL MAKES TALK

Superintendent Schultz Made Some Complimentary Remarks About Maryville as Chautauqua Town

Superintendent Schultz of the Redpath-Vawter bureau made a few remarks complimentary to the people of Maryville just before he introduced the closing speaker of the Chautauqua course last night. In part he said: "The people of Maryville are the most appreciative Chautauqua goers of any people I have come in contact with during this season.

"When I came here things looked black for the guarantors of the course this year and hopeless for next year. But the interested people of this community got busy and put the Chautauqua over in great style. Then preparations were made for next year and things went even better. Before the evening program 115 men had signed the guarantee for next year and more were to sign, which would make the largest number of signers of any on the circuit this year. Unquestionably Maryville is a good Chautauqua town."

Ralph Bingham closed the Chautauqua in a most appropriate manner. Everyone left the tent for the last time with a smile playing upon their faces and feeling like the world was not such a bad place to live in after all. "Bing" is a laugh-producer without an equal on the platform.

If it had not been Sunday night and Bingham had had the entire evening to himself there would have been so much laughter provoked that people could not have stood it. And his stories and fun are of the cleanest and most wholesome character.

Raphael Emmanuel, a native of Mesopotamia, gave a novel lecture preceding Bingham's entertainment. He talked in a simple manner, describing the life of his people, their religion and their philosophy of life. It was an exceedingly different and out of the ordinary address.

Miss Mary K. Nelson, veteran Red-Cross nurse, held the closest attention of her hearers at the afternoon session. With four years of service in France, working there before America entered the war in a French hospital, she was able to tell of many things from observation that the people want to know more about.

Miss Nelson described the spirit of the French and English soldiers in the early days of the war. She told how she and the other American nurses were forced to hang their heads a little as the war for humanity progressed and the United States kept neutral.

When the people of American finally did get into the struggle then the nurses once more held their heads high and waited to show the people of Europe what our boys could do.

Miss Nelson told of the first American wounded brought back to the hospital where she was assigned. This American, a sergeant, was the embodiment of everything that goes to make up our conception of the ideal soldier. He soon became the most popular of the patients there and went back to the lines in time to go over the top once again before he "went west."

In concluding her address Miss Nelson made a plea for every woman to get behind the peace program of the Red Cross. This program aims at the solving of the community health problem. A big campaign is to be waged against two of the worst menaces of the public health today, tuberculosis and venereal diseases.

Major R. C. Bridgman made a highly interesting talk Saturday afternoon on "The Romance of Flying." He described the life of the aviators in the great battles of the world war. He told his story in an unaffected and simple manner without the least boasting or belittling of the soldiers on either side. In fact, he said that most praise is due the doughboy who fought and, what is worse, lived in the mud and water. An aviator fought amid the glory of the heavens and, if he met death, met it quickly and alone, he said.

Major Bridgman was a member of the LaFayette Escadrille of the French army before he was taken over by the American army. He saw service on the fronts of the three allied armies. Twenty-one months of actual flying service on the fronts, with eight planes to his credit and 600 hours of actual flying on the battle front is part of his wonderful record.

Throughout his talk the Major spoke of the great beauties seen while flying in the air. He mentioned the fact that one gets a new viewpoint on life by living in the air. One begins to wonder about the possibilities of communicating with other worlds and like things. It was an enjoyable talk that made one see, in part, some of the thrills that attend the life of the army aviator.

The Banda Roma, headed by Luigi Quaglia, rendered some real band music during the afternoon prelude and the evening concert. Music that everyone could appreciate and enjoy was played and a large crowd was there to hear it.

MISHAP PREVENTS THE AIRPLANE FLIGHT SATURDAY

Accident to Plane at Red Oak, Iowa, Given as Cause for Non-appearance Here.

The airplane flight which was to have been made Saturday afternoon by Lieut. Miller did not take place because it was impossible to get a plane here. The one stationed in this part of the circuit was ocmpletely demolished at Red Oak when it crashed into some telephone and telegraph wires.

Ralph Bingham in his introductory remarks made mention of the fact that he had heard some one at the hotel state that there never was an airplane coming here in the first place and that it was merely an advertisement to get the people's money.

Mr. Bingham said that he had been with this Chautauqua circuit quite a while and kenw that Keith Vawter always tried to make good his word to the patrons of the Chautauqua. Mr. Bingham added, with the exception of Lenox, Iowa, and Maryville, the airplane had appeared at every town on the circuit as advertised.

Mrs. Dwight Gribble and daughter, Mary Margaret, who have been visiting the former's parents, Mr. and Mrs. J. J. Heifner, left last night for their home in Columbia.

ANDREW CARNEGIE DIED THIS MORNING

AT HOME AT LENNOX, MASS., OF BRONCHIAL PNEUMONIA

BEGAN LIFE A POOR BOY

Successful Business Ventures Lead to Enormous Fortune — Devoted His Money to Charity and Education

Lenox, Mass., Aug. 11. — Andrew Carnegie, one of the world's most prominent financiers, steel magnate and philanthropist, died at 7:10 this morning at his summer home at Shady Brook near here, of bronchial pneumonia. He has been ill but three days and the end was entirely unexpected. Had Carnegie lived until November 25 he would have been eighty-four.

At the bedside at the time of his death were his wife, private secretary, John Boynton, family physician and members of the home staff. Mrs. Roswell Miller, his daughter, was not present.

Carnegie has been enjoying the summer in the Berkshire hills, hunting and fishing. Three days ago he was stricken with a cold which rapidly developed into pneumonia. His condition did not become serious until last night.

Andrew Carnegie was born in Dunfermline, Fifeshire, Scotland, November 25, 1835, whence his father, a hand loom weaver, emigrated to the United States in 1848. The family settled in Pittsburgh, where Andrew obtained employment first in a cotton factory; afterwards he became a telegrapher. A fortunate acquaintance with Woodruff, the sleeping car patentee, laid the foundation for his success.

Then came lucky ventures in oil, and the starting of a rolling mill from which has grown the largest system of iron and steel industries in the world. He retired from business in 1901, retaining an interest valued at several hundred millions of dollars in the United States Steel corporation. He gave large sums to the establishment of libraries in the United States and abroad.

In addition he donated $10,000,000 to the Carnegie Institute at Pittsburgh, equal sums to the Carnegie Institutes at Washington, to the universities of Scotland, to establish a pension fund for teachers of the higher educational institutions, and to aid in the establishment of international peace. He also gave a smaller sum for a hero fund.

In 1911 he established the Carnegie Corporation, an institution for the purpose of maintaining funds for aiding technical schools, institutions of higher learning, libraries, scientific research, hero funds and useful publications. In 1912 Mr. Carnegie announced that he had given all of his fortune, with the exception of $25,000,000, to promote the purposes of this corporation.

BALLOON ARRIVES THIS AFTERNOON

CREW OF 50 MEN UNDER CAPT. M'KINLEY COMPRISE COMPANY

ON A RECRUITING TOUR

Company May Remain in Maryville Several Days—Ascension to be Left to Orders From Fort Omaha

The Twelfth Balloon Motor Transport Corps, in command of Captain A. C. McKinley, arrived in Maryville at 4 o'clock this afternoon and immediately after entering the city began preparations for the demonstration and exhibit of observation balloon work as it is carried out on the battle fronts. Whether an ascension will be made is up to the commanders at Omaha.

The company is composed of fifty overseas men who have seen active service in this work on the western front. Following the demonstration Captain McKinley was to make a talk on the purpose and importance of the balloon in warfare and begin a recruiting campaign in this city.

The balloon is a giant hydrogen-filled bag which carries a basket for two observers and parachutes by which they made descend in case the bag is destroyed by enemy airmen. A heavy rope attached to a windlass on one of the trucks permits the balloon to be raised and lowered at will. In addition to the regular crew of the Transport Corps, two additional overseas men arrived in Maryville last night to join the company in the recruiting work. They will remain with the company on the remaineder of their trip through Missouri.

The balloon company left Clarinda, Iowa, at 11 o'clock this morning and made the trip overland in the trucks to this city. The average speed made by the train is ten miles an hour.

Captain McKinley stated this afternoon that the length of time which the company would remain in Maryville would rest with the headquarters at Fort Omaha. He said that the men would camp here during their stay in the small pup tents which they carry.

Chautauqua Unites a Maryville Mother with Son's War Benefactor

Another of the innumerable instances of romance and human interest which have grown out of the great world war, took place here yesterday when a Maryville mother personally met the Red Cross nurse who cared for her son when he was wounded on the fields of France. The Red Cross nurse is Miss Mary K. Nelson, who spoke to an interested audience at the chautauqua yesterday afternoon, the mother is Mrs. Carrie Rogers, of this city, and the son is Leander A. Richardson, a former Maryville boy now located at Gilette, Wyoming.

It was in the great battle of the Argonne that Richardson was wounded. A machine gun bullet pierced his leg and after lying out in No Man's Land for many hours he was finally picked up by a Red Cross stretcher bearer and brought to Evacuation Hospital No. 109 where his wounds were given surgical attention.

Miss Nelson was in charge of the hospital and personally administered the ether which Richardson was given before he was placed on the operating table. In the days that followed Richardson became a fast friend of the Red Cross nurses through his willingness to aid in their work. "Out of the thousands who came through the hospital," said Miss Nelson, "there were some of the lads whom I remember because of their spirit—Private Richardson was one of these."

In his letters home the wounded man often told of the Red Cross nurses and especially of Miss Nelson, who had befriended him in his hour of trial and suffering, and it was one of his greatest disappointments that he was unable to say good-bye to her when he was moved to another hospital.

The interest which the little American nurse had taken in the son, however, remained in the memory of the mother on this side, and she hoped and prayed that some day she might be able to personally thank her. Yesterday the opportunity came. The name and description which she had received in her letters from her soldier son corresponded with the Red Cross nurse who was to talk at the chautauqua. Mrs. Rogers determined to meet the nurse and after the lecture yesterday afternoon went to the tent with a picture of her son. Miss Nelson instantly recognized the lad as the boy who came to her last September badly wounded. The meeting with this mother is one which needs no description.

According to Miss Nelson, Richardson was the type of soldier who receives the deepest respect of the Red Cross doctors and nurses. Courageous in his suffering and always willing to lighten the burdens of his benefactors, he had the true soldier patience in bearing pain.

Miss Nelson told this morning of an instance which impressed Richardson on her memory: "A soldier came to our hospital one morning terribly dirty and hungry, wearing the uniform of an American soldier without any of the insignia to denote his company or division," she said. "It was obvious that the man was a German spy who had killed an American soldier, and Private Richardson, badly wounded as he was, volunteered with several other lads to stand guard over him throughout the night. The following morning he was taken to an American military base where he was found to be a spy."

"In other ways men such as Richardson were a god-send to our camps. With their cheerful spirit they kept up the hope and morale of the hospital."

Miss Nelson stated this morning that on her chautauqua tour she has come across several soldiers whom she took care of in France. "It is a wonderful feeling," she said, "to meet these boys in their own homes and meet their own home folks. The great war has certainly brought the entire world together as one family."

In connetcion with her lectures on the chautauqua platform, Miss Nelson is also working in the interest of the good health campaign which is being staged throughout the country. "Our work is at home, now," she said, in speaking of the drive which is being made for better health conditions in the communities outside of the large cities, "and it is equally as important as the work which was done 'over there'."

ALL IN READINESS FOR TUESDAY RACES

FIRST BIG OPENING DAY PROMISES TO BE GOOD ONE

SPECIAL POLICE ON DUTY

Every Listed Free Attraction is on Grounds and Will Appear as Advertised—Many Horses Stabled

Tuesday's Race Program.
1:30 o'clock

2:15 Pace.
One-half mile Running Race.
Five-eighths mile Running Race.
Three-fourths mile Running Race.
One mile Running Race.

Tuesday morning in the judging contests there will be three classes judged: At 9:30, judging Jacks and Mules; at 10 o'clock, judging Holstein cattle; and at 11 o'clock, judging poultry.

At night there will be a horse show and the free attractions. The free attractions will be shown twice daily, afternoon and night.

All is in readiness for the best fair ever held in Maryville. Judge Haney stated today in an interview that every free attraction advertised is on the grounds and will positively appear as listed on the program.

More horses than were ever stabled at the fair grounds are already there and another carload is expected this afternoon. Sufficient entries for every race are assured and the best races ever run on the local track are promised.

The midway is filled to overflowing with concessions of all kinds. No one need worry but that all his wants can be satisfied whatever his tastes may be. Exhibits of every description are set up on the grounds. The Floral Hall is completed as far as decorations and special displays are concerned. One of the new features this year will be the vitalized agriculture exhibit and demonstrations.

The free attractions that will show tomorrow are: Margaret Hill's Society Circus, The Flying Wards, Bassit & Bailey, and Donald McGregor Shows. These attractions are all features, some of them of state fair class. They will positively appear every day. Besides them an aviator and the 168th infantry band will appear on specific days.

The following special police have been commissioned by Mayor Garrett to serve during the week and insure a perfectly clean fair: J. E. James, Harve England, Charles Irvin, Charles Hager, Cooper Gooden, William Still and J. H. Strough. The first four are hired by the city and the last three by the Fair Association.

London, Aug. 11. — Viscount Gray is considering his government's offer of the British ambassadorship at Washington, the Daily Express stated today. Acceptance depends upon the report of the specialists treating him for his eyes and general health.

CALL NATIONAL CONFERENCE OF STRIKING R.R. SHOPMEN

Plans Made for Meeting Thursday—Chicago Disregards Wilson's Plan—Strike is Broken in Ohio

Chicago, Aug. 11.—A national conference of the striking railway shopmen has been called for Thursday and the announcement was made today that no answer wil be made from the Chicago district to President Wilson's appeal to the men to return to work pending the settlement of their demands for wage increases.

Cleveland, Aug. 11.—The backbone of the shopmen's strike in Ohio has been broken, following the leadership of the national officials. The Pennsylvania, Nickel Plate, Wheeling and Lake Erie shopmen are back on the job today.

The New York shopmen at Ashtabula, and Pennsylvania, Hocking Valley, Norfolk Western and Ohio Central shopmen at Columbus are returning.

"IT'S THE GREATEST FAIR EVER," IS THE VERDICT

Great Crowds Throng the State Fair Grounds on "Big Monday"—Sedalia Accommodates all Comers

Sedalia, Mo., Aug. 11.— "It's the greatest fair ever," said the crowd which jammed the state fair grounds here this morning to see the events of "Big Monday." At one o'clock the grandstand and bleachers were filled with spectators anticipating the arrival of Acting Governor Wallace Crossley and party in thre airplanes from Jefferson City. The flight is being made by Lieuts. Steele, Montgomery and Meisenhamer in army airplanes furnished by the Nafgiger Beeking Co.

All exhibits delayed by the rail strike are now in the fair and the organization is running smoothly.

Sedalia is ample able to accommodate the crowds.

YOUTHFUL HARVEST HAND RE-VISITS MARYVILLE

George Fowler, the fifteen year old Kansas City lad who made his appearance in Maryville several weeks ago with his "buddy" in the guise of a harvest hand looking for a "job" returned this morning—but in a different way.

Young Fowler is the son of a prominent Kansas City lumberman, and is making an auto trip through northwest Missouri with his parents. "Maryville looks different than it did when I did not have a dime in my pocket" said George this morning, wearing a classy waistseam suit and in a true "man of the world" manner greeting his friends.

Mr. and Mrs. H. E. Ralston of Shenandoah, Ia., visited in Maryville Sunday and today with E. H. Eainum and family and H. C. Todd and family.

LANSING TELLS OF SECRET TREATY

PRESIDENT'S SECRTARY ADMITS KNOWING OF JAP-BRITISH PACT

SPLIT GERMAN HOLDINGS

Denies Knowledge of Japan, Great Britain, France and Russia Treaty Regarding Shantung, in Reply to Borah

Washington, Aug. 11.—The state department had official knowledge six months before the United States entered the war that Great Britain and Japan had a secret treaty or understanding whereby they were to split Germany's Pacific Island holdings between them with the equator as the dividing line, Secretary Lansing informed the Senate foreign relations committee today, when he resumed testimony reparding the treaty of Versailles. Lansing stated, however, in response to questions by Senator Borah that neither he or the department had any knowledge when the armistice was signed of the secret treaties made between Japan, Great Britain, France and Russia, as to Shantung.

PRINCE OF WALES ARRIVES IN NEWFOUNDLAND TODAY

Elaborate Preparations Made for Entertainment—Expected to Arrive In U. S. About October 27

St. Johns, Newfoundland, Aug. 11.—The British battleship Renown, bringing the Prince of Wales to America, arrived off the coast of Conception Bay early today, escorted by the cruisers Dauntless and Dragon. Stop and Think

For one moment why you stay in the East, and pay big interest or high rent when you can go west and soon own a farm of your own.

The West offers greater opportunities to any man than the East and especially to the poor man or man of reasonable means. I started in this land business last fall and have made a success of it by doing an honest business and by selling on reasonable commissions. My business has grown until I have had to have a partner, so Mr. Newt Morgan of Parnell, Mo., is going in with me. I have sold three thousand six hundred acres of land; have just closed a deal on one thousand and fifty acres at forty-five thousand dollars.

This has been the dryest year ever known to the oldest settlers and yet it is wonderful to see what crops we have raised. Most of the corn will make 20 to 30 bushels to the acre. We have had plenty of rain since the third of July and all late crops will be good. I am located at Carpenter, Wyo., in the southeastern corner of the State and have lots of land listed with me for sale now. I have farms of all sizes from one hundred acre farms to five thousand acre ranches and I know I can save any man money that wants to buy a farm or ranch. So don't fail to see me before buying. I have sold eleven thousand six hundred dollars worth of hogs since last October. I fattened them from the corn that I raised last year on one hundred and thirty-five acres. My last car load of sixty-two head brought four thousand and two dollars. I now have nine hundred and sixty acres of land. When I left Maryville, Mo., three years ago last October I was not worth five hundred dollars, today I am worth at least twelve thousand dollars. Now judge for yourself whether this is a good country to make money in or not. Then come and have a talk with me at the Nodaway County Fair and see samples of what we have raised this year, then make up your mind to come back with me and buy a farm or ranch and you will make the best move that you ever made in your life. For further information see me at the Fair August 11 to 16.

Home From Wedding Trip.

Mr. and Mrs. Verne Manley returned Sunday evening from a short wedding trip to Kansas City and other places. They were married last Wednesday afternoon at 2:30 o'clock at the home of the bride's mother, Mrs. Mary Ward, in King City. It was a quiet wedding, with only relatives and close friends present. Mrs. Manley, formerly Miss Iva Ward, is a graduate of the State Teachers College here and of the Liberty Ladies College. For the past year she has been secretary to President Richardson of the local State Teachers College and prior to that was a successful teacher in the high school work of this state. Mr. Manley is a grandson of Mrs. J. M. Manley of this city and is a graduate of the Maryville Business College. He has lived in this community the greater part of his life and is one of the successful farmers of the county.

The couple will make their home on the farm recently purchased by Mr. Manley, eight miles south of Maryville.

Neff Family Reunion.

Mr. and Mrs. T. M. C. Neff will enjoy a visit from three of their children, living at a distance, who are expected to arrive tonight and tomorrow. George Neff, a son living in Brush, Colo., is making the trip here in his car and wil arrive tonight. The Rev. Homer A. Neff and his bride of St. Marys, Ohio, and Mrs. J. C. Workman and little son, George Delbert, of Pittsburgh, Pa., wil come tomorrow. Mrs. Neff was formerly Miss Irene McCulloch of New Concord, Ohio, and her marriage to Rev. Neff took place Tuesday, June 24. Rev. Neff is pastor of the First Presbyterian church in St. Marys.

Refreshments will be served at the New York Candy Kitchen after the show. Their guests will be Misses Elizabeth Leet, Helen Dean, Mary and Margaret Foster of Des Moines, Ia., Loretta Gex, Mildred Shinabargar and Laura Curfman. Miss Penisten and Miss Machin will leave Friday for their respective homes in St. Louis and Fulton.

MANY CONVENIENCES FOR TOURISTS IN THE WEST

The following is from the Evening Missourian, Columbia, about the auto trip of Mr. and Mrs. Wayland Ford. Mrs. L. W. Ford and Miss Frances Ford of Columbia, who were Maryville visitors several days ago.

With a tent tied on one side of the running board, a cooking outfit on the other, Mr. and Mrs. Wayland Ford, Mrs. L. W. Ford and Miss Frances Ford of Columbia left June 11 for a tour through Colorado. They returned Wednesday.

"We followed the Golden Belt trail all the way," said Miss Ford, "and I would advise anyone going to Colorado to take this route.

Beautiful Scenery.

"The scenery is beautiful, and every convenience for tourists is provided along the way.

"Beginning at the eastern edge of Kansas are signs directing tourists. One of the delightful surprises for tourists traveling on this route is the camping conveniences and accommodations provided by automobile and commercial clubs in towns along the route.

Good Resting Places.

"Every town of any size has provided a camping and resting place for travelers. These places are usually located near or in a park where water is plentiful. Crude stoves built of stone with sheet irone tops are provided.

"Much can be said in favor of these camping places. They are to the traveler as an oasis in the desert.

"In Topeka, Kas., we camped at a place where not only was a stove furnished, but wood as wel. Another town in western Kansas provided rest rooms where one could read the latest papers and magazines.

"Denver provides a beautiful camping ground in Mountain View and Lake Park. Every comfort is provided free."

ST. LOUIS PAPER COMMENTS ON COMMERCIAL CLUB SOCIABILITY

Red Cross Officer in Letter to Miss Turner Sends Clipping From St. Louis Paper and Compliments

Miss Betty Turner, assistant director, Civilian Relief, Southwestern Division, American Red Cross out of St. Louis, received a letter today which had appended to it some complimentary words about Nodaway county. The compliment was the result of an article in the St. Louis Globe Democrat regarding the recent two-day sociability run by the Commercial Club. This is only another instance of the widespread fame this town and county are getting as a result of the efforts of the members of the Commercial Club to advertise Nodaway.

SUNDAY SCHOOL TEACHERS EXAMINATIONS TONIGHT

Tests to be Given at Christian Church —Prof. Osborn to be in Charge

The Community Teacher Training Class for Sunday school workers will hold an examination tonight at the Christian church upon the second book of the course, "The Teacher."

It is expected that a number of teachers who have been reading the book or have been studying a similar course will take the examination with those who have been attending. Opportunity will also be given those who were unable to take the examination with the class upon the first book of the course to write upon "The Pupil," this evening.

Prof. Osborn will conduct the examination. This will close Prof. Osborn's work with the class, as he is leaving Maryville at this time. All of the class regret that he will not be with them through the remainder of the course, for his faithfulness and efficiency in conducting the work have had much to do with the success of the class and has given the initial move for a community class in Maryville such a magnificent start that its success is assured from the very first.

The Sunday school teacher who does not hold a diploma, certifying that the teacher has completed an approved course in Teacher Training will be the exception rather than the rule in Maryville.

MRS. BLANCHE LAWLER RETURNS FROM CHICAGO

Employe of Alderman-Yehle Company Completes Course at School of Corsetry

Mrs. Blanche Lawler of the Alderman-Yehle dry goods company, has returned from Chicago where she graduated at the Salon du Bon Ton and School of Corsetry. She passed the examination covering the different phases of corset work and was awarded a diploma which gives her a title of "G. C." Graduate Corsetiere.

The value of skilled service in a corset department cannot be over-estimated. Physicians say many ills are attributed to incorrect corsetry whereas the proper corset will give support and help relieve fatigue, to say nothing of the comfort and poise they give.

The store, in adding this service for their patrons, are keeping pace with the policy of up to date development and offering the best.

FORMER S. T. C MAN ACCEPTS NEW POSITION

Geo. Palfreyman Resigns From St. Joe Schools to Become Asst. Mgr. Armour Plant, Fort Worth, Tex.

George Palfreyman, former assistant professor in manual training and athletic coach at the State Teachers College, has resigned his position in the St. Joseph schools to become assistant superintendent of the Armour plant in Fort Worth, Texas. The following article from Saturday's St. Joseph News-Press will be of interest to Mr. and Mrs. Palfreyman's host of friends here.

George Palfreyman, Jr., today tendered his resignation as athletic coach of Benton High School to Vernon G. Mays, superintendent of schools. Palfreyman formerly was a star basketball player at Benton and he had charge of athletics there last term. During the summer he has been employed by the Hammond Packing Company in South St. Joseph. He is severing his connection with Benton to take the position of assistant superintendent of the Armour plant in Fort Worth, Texas. Palfreyman expects to assume his new duties about Sept. 1. He is married and has a young son, George III.

The school board probably will act on Palfreyman's resignation at its monthly meeting Monday night.

YOUR CATARRH MAY LEAD TO CONSUMPTION

Dangerous to Use Treatment for Only Temporary Relief.

There is a more serious stage of Catarrh than the annoyance caused by the stopped-up air passages, and other distasteful features.

The real danger comes from the tendency of the disease to continue its course downward until the lungs become affected, and then dreaded consumption is on your path. Your own experience has taught you that the disease cannot be cured by sprays, inhalers, atomizers, jellies and other local applications.

S. S. S. has proven a most satisfactory remedy for Catarrh because it goes direct to its source. Get a bottle today, begin the only logical treatment that gives real results. For free medical advice write Medical Director, 47 Swift Laboratory, Atlanta, Ga.

When there is hard work to do in hot weather Prickly Ash Bitters proves its worth as a stomach, liver and bowel purifier. Men use it and stand the heat better and are less fatigued at night. Price $1.25 per bottle.

HOW MRS. BOYD AVOIDED AN OPERATION

Canton, Ohio.—"I suffered from a female trouble which caused me much suffering, and two doctors decided that I would have to go through an operation before I could get well.

"My mother, who had been helped by Lydia E. Pinkham's Vegetable Compound, advised me to try it before submitting to an operation. It relieved me from my troubles so I can do my house work without any difficulty. I advise any woman who is afflicted with female troubles to give Lydia E. Pinkham's Vegetable Compound a trial and it will do as much for them."—Mrs. Marie Boyd, 1421 5th St., N. E., Canton, Ohio.

Sometimes there are serious conditions where a hospital operation is the only alternative, but on the other hand so many women have been cured by this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, after doctors have said that an operation was necessary—every woman who wants to avoid an operation should give it a fair trial before submitting to such a trying ordeal.

If complications exist, write to Lydia E. Pinkham Medicine Co., Lynn, Mass., for advice. The result of many years experience is at your service.

MAZOLA

The *perfect* oil for cooking and salads

FREE Every housewife should have a copy of the interesting 68-page Corn Products Book. Beautifully illustrated and full of information for good cooking. Write today for it.

Remarkable Economy!

MAZOLA is used over and over again without transmitting *flavors* or *odors* from one food to another. It is *not* absorbed into foods.

And remember—Mazola is equal to butter for cooking, better and more wholesome than lard and compounds and you use ¼ to ⅓ less Mazola for shortening, as in pie crusts, etc.

"Satisfy"
What does that mean?
Not in the ordinary sense, of course, but in the Chesterfield sense?
Never mind the DICTIONARY
Even N. Webster, with all his definitions of "satisfy", missed out on its smoke-meaning.
Look it up in Chesterfields
That's where you'll find "satisfy".
Know what a drink of cold water does for your thirst? It "touches the spot". Well, that's what Chesterfields do for your smoke-hunger. They touch your "smoke-spot". They let you know you're smoking.
They Satisfy
It's all in the blend and the blend can't be copied.

MISSOURI CROP REPORT SHOWS DECREASE FOR AUG.

All Crops Except Hay Lost in Prospect—Wheat Shrunk 7,881,500 During July—Better Than Last Aug.

Jefferson City, Aug. 11.—All Missouri crops, except hay, lost in prospect, and wheat production shrunk 7,881,500 bushels during July, according to the joint report of E. A. Logan and Jewell Mayes, of the U. S. Bureau of Crop Estimates and the State Board of Agriculture. The state yield of wheat, indicated August 1st, is 56,936,250 bushels.

In Nodaway county the condition of corn is 86 per cent; wheat yield per acre 15 bushels, quality 85 per cent; oats yield per acre 33 bushels, quality 89 per cent; condition of potatoes 68 per cent; apples 60 per cent; hay 91 per cent; clover hay production 95 per cent of full crop, and pasture 85 per cent.

The August condition of corn is 74 per cent, indicating 26.3 bushels per acre, a total of 151,210,000 bushels; condition August, 1918, of 72 per cent and 76 per cent for ten-year average; total yield for 1918, 133,860,000 bushels. Cultivation of corn was neglected somewhat to harvest wheat. Excessive rains early in the season, followed by drouth of three to five weeks has hurt the crop severely. No hot winds prevailed. The greatest damage has been on thin uplands, and in the south central Ozarks, also a few counties north and west of St. Louis. Chinch bugs in Warren, Dade and other scattering points. Recent rains have relieved the drouth situation in the north and northeast, especially Livingston, Boone, Randolph and other central Missouri counties, together with a few south central ones. Fifteen to 20 per cent of the corn was planted late and drouth conditions on this portion are not so damaging. Central Missouri will raise much more corn than last year and for the state at large the crop is more promising than last August.

Missouri wheat yield per acre is 13.5 bushels, totaling 56,936,250 against 52,873,000 bushels last year. The average yield in 1918 was 17.2 bushels and the 10-year average 13.7. The quality of the grain is 86 per cent against 94 per cent last year and 89 for a 10-year average. Yields in most sections are under earlier expectations. The quality at first was very poor from excess moisture, but improved by dry weather. Threshing is held back by lack of cars and thresher equipment. Spring wheat very disappointing.

Oats yield 28 bushels per acre against 29 last year and 26 for the 10-year average. Indicated yield 39,684,960 against 44,196,000 in 1918. The quality is 88 per cent, the same as last year, and 85 per cent for the 10-year average. The crop was cut short in the north by hot weather following excessive rains. About the usual portion of last year's crop is on farms, 3 per cent or 1,325,880 bushels.

Hay, the only crop in Missouri which shows a better condition than last month, is 93 per cent indicating 1.27 tons per acre. The hay in the middle Ozark sections good. Crop was harvested under ideal conditions except clover. A good clover acreage promised if favorable season follows. Spring seedings of clover and other grasses are fine. The acreage of timothy cut for seed will be greater than last year. Clover for hay 1.3 tons per acre, and quality 91 per cent; alfalfa 91 per cent. Millett 79 per cent; grain sorghums 85 per cent; field peas 80 per cent; soy beans 85 per cent. Pastures 84 per cent; still much good grazing.

Vegetables all hurt by drouth. Beans 81 per cent; tomatoes 81 per cent; cabbage 75 per cent; onions 68 per cent; potatoes 80 per cent; early crop fair; sweet potatoes 79 per cent—not badly damaged; tobacco 85 per cent; flax 87 per cent; watermelons 70 per cent poor in Mississippi, good in Dunklin; cantaloupes 75 per cent; broom corn 80 per cent; sorghum for syrup 81 per cent; peanuts 76 per cent.

Fruit affected by drouth. Apples 58 per cent, peaches 47 per cent; grapes 75 per cent; pears 59 per cent, blackberries, production 92 per cent, some lost for want of pickers.

General crop conditions not as good as on July 1st, but better than last August. Severe drouth followed by too much rain. Labor supply is not yet normal. Plowing for fall wheat progressing slowly with more tractors in evidence. Water is scarce, but cattle are in fine condition.

Presley Bailey Home.

Mrs. Presley Bailey, who underwent an operation for appendicitis several weeks ago, resumed her work at Reuillards this morning. She will give up her position the latter part of the week when she and Mr. Bailey will go to Elmo to make their future home. Mr. Bailey returned home this morning after being in overseas service since Nov. 17, 1918, with Base Hospital 91.

Mr. and Mrs. Will Cummins of Burlington Junction and the letter's sister, Miss May Growney of this city, left today on a motor trip to Lake Okoboji, Ia., where they will spend several days.

IN FIFTEEN DAYS GAINS FIFTEEN POUNDS

Thompson Was So Rundown He Couldn't Walk Without Help—Tanlac Builds Him Up.

"I commenced taking Tanlac just fifteen days ago, and have gained exactly fifteen pounds so far, which gives me an actual gain of one pound a day," said Peter Thompson, who for the past six years has been connected with the Kansas City park board, and lives at 409 Chestnue street, Kansas City, Missouri, a few days ago.

"When I began taking Tanlac," he continued, "I was so weak and run down that I couldn't walk a step unless I had somebody to lean on, but I can get out and cover a good many blocks now, and am getting ready to go back to work. Sometime ago I had a bad spell of typhoid pneumonia, and it came very near finishing me up. I pulled through, however, but I had never been able to regain any strength, and my appetite was so poor that I couldn't eat enough to keep me alive hardly. My head ached all the time, and I would often have dizzy spells. I also suffered from nervousness and never got a good night's sleep. My stomach was in mighty bad condition, too, and everything I ate disagreed with me and I would have the worst sort of attacks of indigestion. I was certainly in bad shape, and I had began to think that I would never find a medicine that would get me started up hill again.

"I had been reading the different statements about Tanlac, and one day I saw where a lady whom I knew very well, had been greatly helped by taking this Tanlac, so I made up my mind right then and there to give it a trial myself. I commenced to get better right away, and it is just simply remarkable the way I have gained in weight and strength. Why, I can go anywhere I want to, now, and I can just feel myself getting stronger every day. My appetite has come back, and I eat three hearty meals every day, and what I eat agrees with me all right. I never have indigestion or any kind of stomach trouble any more, and my nerves are so steady that I sleep like a log every night. The headaches have left me, too, and so have those dizzy spells, and in fact, I just feel fine all the time. Tanlac has just simply fixed me up all right, and that is why I talk so much about it, and am always recommending it to other people."

"Tanlac is sold in Maryville by Koch Pharmacy, in Conception Junction by A. M. Colly, in Pickering by H. M. Lincoln, in Burlington Junction by Carter Pharmacy, in Barnard by Bear Drug Co., in Elmo by King Drug Co., in Clearmont by Dr. W. H. Wiley, in Ravenwood by C. A. Shunk, in Arkoe by Rufus R. Smith, and in Hopkins by Hopkins Drug Co."
